Career Objective

- To obtain a challenging position that fully utilizes my skills and provides me with suitable opportunities to grow my technical and communication skills which would help me as a fresher to grow while working towards the organizational goals.
- I am trying to find a challenging position in a reputable company where I can share my ideas, develop new skills, increase my knowledge, and apply what I've learned.
- To pursue an Internship opportunity in a competitive environment that will challenge me to push my boundaries and expand my knowledge in the field of computer science while allowing me to add value to the company's dynamic.
